

Valving your Safety and Operational Excellence

# PROFLUID

## Connected Remote Services

Valving your projects with  
Innovative & Cost-Effective  
Real-Time Support.

Our Assisted Reality (AR) Headset employs an intrinsically safe design for use in the vicinity of hazardous materials. With IECEx Zone 1 Certification for Explosive Atmospheres, this headset can safely be used for all your valve and pipework inspection and troubleshooting needs.

## Valves/Piping Condition Monitoring

- Profluid's AR Headset assists our specialists through on-site valve and pipe work inspection, providing a smart and efficient solution
  - Live video and image capture provides clear evidence of asset's condition
- ▶ Time/cost efficient inspection
  - ▶ Automated Inspection Report

## Remote Training

- Connect remotely with our specialists and OEM partners to receive training on new products
- ▶ Open and continuous line of communication
  - ▶ Increased safety during operations and maintenance

## Remote Valves F.A.T.

- Wirelessly connect to live stream via video call (ie. Zoom, Teams or Skype)
  - Remotely view Factory Acceptance Test (F.A.T.)
- ▶ Full record of F.A.T.
  - ▶ Time/cost efficient inspection

## Site Troubleshooting

- Our Assisted Reality (AR) Headset can be sent to site for assisted remote troubleshooting, with PROFLUID specialists viewing in real time through our AR Headset
- ▶ Convenient and cost saving frontline troubleshooting
  - ▶ Live sharing of documents and instruction manuals
